INSERTING PICTURES IN YOUR POST – P2

- YOU CAN ATTACH PHOTOS TO THE EMAIL AND THEY WILL APPEAR IN THE POST:

The screenshot shows a blog post interface. At the top left is a profile picture of a man. To its right is the post title: "This is how images appear if attached to the email". Below the title is the author's name "RyanL" and the date "June 24, 2013 2:26 pm". The main text of the post reads: "The pictures are attached as a .jpg file." Below this text are four vertically stacked image thumbnails: a red flower, a desert landscape with a rock formation, a white hydrangea flower, and a koala. On the right side of the page is a navigation menu with various links. A tooltip is visible over the post title, containing the text "Permanent Link to This is how images appear if a to the email".

This is how images appear if attached to the email

RyanL: June 24, 2013 2:26 pm : [PASI 2013](#)
The pictures are attached as a .jpg file.
